Monthly comment

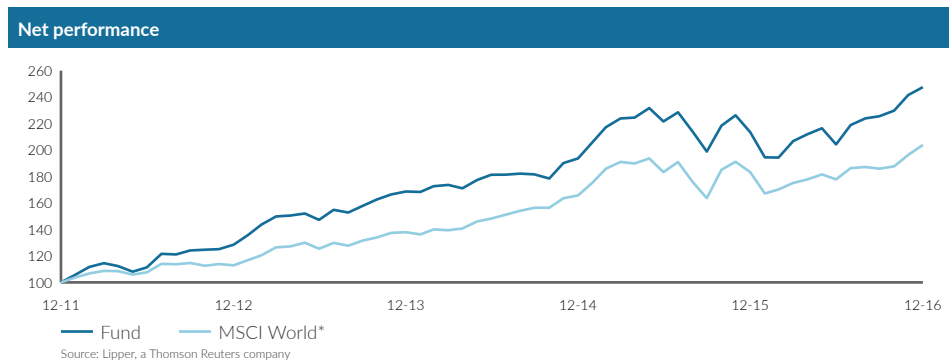

The NAV of Partners Group Listed Investments SICAV – Listed Private Equity gained significantly in value in 2016 and outperformed equity markets considerably.

In December, all sectors contributed positively to the Fund's performance. In particular, holding companies benefited from a strong investment performance of the Scandinavian market. A favorable development was also achieved by business development companies on the back of continually recovering energy sector and an expected increase in interest rates.

Eurazeo, a listed direct investment company, convinced its investors with the interim report.
