In January, Partners Group Listed Investments SICAV – Listed Private Equity continued its strong performance from last year and outperformed broader equity markets. In addition, EQT announced strong deployment and exit activity for 2019. The company invested EUR 11.9bn, reflecting an increase of 38% versus last year, while realizations are up by 58% to EUR 8bn.

The British private equity company 3i published a quarterly performance update, showing robust growth. The largest holding, Action, drove the performance of the private equity portfolio. The company generated 21% revenue growth and opened 230 new stores in 2019, increasing the total number of stores to 1'552 across seven countries. In addition, 3i agreed to exit Aspen Pumps, a designer, manufacturer and distributor of specialized mini pumps generating an IRR of 34% and a money multiple of 4.1x.

Another positive contributor to this month's performance was Sofna. The Belgian direct investment company published results for the last six months and generated NAV growth of 17% year over year. The company reported strong deployment activity with four new long-term investments, including Drylock, a Belgium based manufacturer of personal hygiene products.
