## Monthly comment

In June, Partners Group Listed Investments SICAV – Listed Private Equity performed better than the broader equity market and achieved a considerable outperformance in the first half year 2017.

Business Development Companies (BDCs) developed favorably during the reporting period. Hereby, the US-based BDC Fifth Street Finance was this month's best performer. Reportedly, the Californian investment management firm Oaktree Capital, is in negotiations to acquire the external investment manager of Fifth Street Finance.

On the other hand, the South African private equity company Brait, performed negatively in June. Their largest portfolio company New Look Retail Group, a British fashion label, reported a decline in turnover of 2.4% and a pretax loss for the financial year ending March 2017. This resulted in a valuation reduction of New Look.

On a more positive note, British private equity company HgCapital benefited from successful exit and investment activities. For example, the company sold Zitcom Group, a Danish provider of hosting and cloud solutions, for an investment multiple of 3.3x. Moreover, HgCapital led Europe's largest ever software buyout with the acquisition of KKR's stake in Visma at an enterprise value of USD 5.3 billion. HgCapital has been invested directly and indirectly in Visma, a leading provider of business software from Northern Europe, for many years. As a result of the transaction, HgCapital has become the largest shareholder of Visma.
