## Monthly comment

Driven by geopolitical uncertainties, broader equity markets recorded a decline in August. Those negative developments also had an impact on Partners Group Listed Investments SICAV – Listed Private Equity. In this market environment, holding companies contributed negatively to the Fund's performance. The portfolio companies suffered from an increased market volatility and widening of NAV discounts.

On the other hand, alternative asset managers developed relatively stable. Apollo Global Management (Apollo) convinced its investors with the publication of the quarterly results. The company closed the so far largest private equity fund with total commitments of USD 24.7 billion. Apollo also increased their assets under management by 17.4% to USD 231.8 billion compared to the first quarter of 2017.

Last month, Partners Group Listed Investments SICAV – Listed Private Equity invested in Brookfield Business Partners (Brookfield), a global direct investment company focusing on business services and industrial companies. Brookfield published favorable results for the second quarter, notably due to the industrial segment, which increased its revenue by 18.0% compared to the corresponding quarter of the previous year. The company also profited from several new investments. For example, Brookfield acquired a majority stake in BRK Ambiental, the largest Brazilian-based provider of water and sewage treatment.
