Monthly comment

In July, the Partners Group Listed Investments SICAV - Multi Asset Income recorded positive performance, in line with the global equity markets, despite some negative news including the rapid spread of the Delta-variant of COVID-19 and the Chinese regulator's crackdown on some sectors. The positive performance development was supported by robust 2Q earnings and accommodative monetary policies by central banks. During the reporting period, the Fund's performance was mainly driven by private equity companies as well as real estate.

The best performing company this month was Blackstone, the US alternative asset manager increased in value due to the announcement of a new partnership with the global insurance provider AIG. As part of the agreement, Blackstone will take a 10% stake in AIG's life & retirement business and enter a long-term asset management relationship to manage an initial insurance mandate of USD 50bn, which is expected to increase to USD 93bn over the next 6 years. In addition, the company published healthy Q2 results with a 4% increase in asset under management quarter on quarter, robust deployment, as well as strong realization activity, leading to better than expected performance fees.

Finally, Castellum, one of the largest listed real estate company in the Nordic region with a property value of approximately SEK 96bn, performed well after announcing new acquisitions and divestments in July. Two major transactions include the acquisition of Finnish portfolio with 22 office buildings for SEK 6.5bn as well as the acquisition of an office property portfolio in Sweden for SEK 950m. Meanwhile, the Company divested a mature portfolio in Finland for SEK 2.1bn to partially fund the acquisitions. Furthermore, the management team remains positive on both office and logistics properties in the Nordic market.
