Monthly comment

In July, Partners Group Listed Investments SICAV – Listed Income further increased in value, resulting in a dividend yield of the underlying portfolio of 5.5%.

A positive value driver in July, was Cheung Kong Infrastructure Holdings, an infrastructure operator based in Hong Kong. The company released positive half year results. In addition, the company has received a special dividend from the portfolio company Power Assets Holdings, which has strengthened the company's financial profile for further acquisitions. Cheung Kong Infrastructure Holdings have already announced the acquisition of Ista, a German based smart metering company, for USD 5.6 billion.

On the other hand, Spanish infrastructure company Ferrovial had a negative impact on the Fund's performance. The company published its half-year results, which stayed behind the investor's expectations. The half-year results were positively impacted by the airport and toll-road segments whereas the construction segment contributed negatively due to one-off losses.

Also US-based business development company Fifth Street Finance (FSC) performed positively in July. As stated in the previous monthly reporting, the Californian investment management firm Oaktree Capital has acquired a stake of the external investment manager of FSC and will act as its new investment advisor going forward.
