## Monthly comment

In October, Partners Group Listed Investments SICAV - Listed Income developed in a neutral manner. Nevertheless, since beginning of the year the Fund has shown a stable performance, which resulted in a dividend yield of 5.5% by end of October while maintaining a low volatility.

As already stated in previous months, the Californian investment management firm Oaktree Capital has taken over the investment management contract of Fifth Street Finance. Going forward, the new company will trade under the name Oaktree Specialty Lending Corp. The attractive valuation and change of the investment manager were well received by the market and led to an increase in value.

Contrary to the strong performance this year, the alternative asset manager Carlyle Group recorded a negative development in October. The co-founders and co-CEO's David Rubenstein and William Conway announced that they will step back as co-chief executives by the end of year and will serve as co-executive chairmen in the future.

On the positive side, Mapletree Logistics developed favorably in October. The Singapore-based REIT benefited from the publication of the positive quarterly results. The company convinced its investors with a relatively high increase in rentals of about 2-3% on average.

Partners Group Listed Investments SICAV – Listed Income has a diversified portfolio with the goal to generate a dividend yield of above 6%. The three asset classes - infrastructure, real estate und private equity – provide independent growth and return drivers. Going forward, the Fund will maintain its investment strategy and operate under the name "Partners Group Listed Investments SICAV – Multi Asset Income" to better reflect the objective of the Fund.
